

Hot off the presses! GRRN's long awaited third National Recycling & Zero Waste Conference is this October, yes, that's this October 2009.

**GRRN National Recycling and Zero Waste Conference**

GRRN & our friends in New England will bring you the cutting edge in municipal recycling, zero waste, producer responsibility, as well as the latest on the Recycling/Zero Waste/Climate Change connection. It will be an interesting and inspiring, with useful new tools that you can put to use in your town. We promise the best program and sessions, the most affordable professional recycling conference in the country, good networking opportunities, low-cost/high-visibility exhibit space and a great deal on sponsorship. When? Put October 19 & 20th on your calendars. Where? Devens Commons is a former military base repurposed into an eco-industrial park northwest of Boston. How cool is that? Registration and lodging info will be on the website shortly.
